

Table 4

Maximum tariffs on services, rendering by port fleet for ships at coastwise navigation

Nos	Name of services	Unit of measure	Rate, rubles
1	Ship mooring with the use of tugboats with capacity up to 1600 HP	cub.m.	1,60
2	Replacing of ships along the berth with the use of tugboats with capacity up to 1600 HP	cub.m.	2,75
3	Towing and escorting of ships within the water area of the port, docking a ship, pilot delivery (using tugboats with the capacity up to 1600 HP)	per hour	6000
4	Towing, docking a ship, pilot delivery (using tugboats with the capacity up to 300 HP)	per hour	3200
5	Clearance of vessels inwards/outwards, delivery of crewmembers to roadstead, delivery of supply cargoes (using passenger cater)	per hour	1800
6	Diving inspection of ships and constructions, carrying out of operations under the water (diving station)	per hour	1400

Notes:

Tariffs for tugboat services are increased in case of the following circumstances:

- ✦ while working at storms, at conditions of limited visions and at wind force of more than 14 meters per second tariffs can be increased up to 50 % in dependence with the difficulty of the situation and working time;
- ✦ at the working week days from 16.00 pm till 08.00 am tariffs are to be increased on 25%;
- ✦ on Saturday , Sunday and holidays from 08.00 am till 16.00 up to 50%, from 16.00 pm till 08.00 am up to 100%.
- ✦ replacing of ship along the berth on the distance longer than the length of ship is to be considered as two separate operations
